“ Over the last 17 years of being in the northeast Phoenix/Scottsdale area, my three children have probably attended just about every possible summer camp offered across a wide range of camp types, locations and providers. Never in this nearly two-decade history have I had a child as **STOKED** and **HAPPY** about camp as we did this summer with Rancho's camp. My daughter attended every session and **BEGGED** us to drop her off as early as possible and stay as late as possible. She had an **ABSOLUTE BLAST**, loved all of the camp counselors/instructors and really got into each of the different camps - from developing a business plan and her first website to sports camp. Whatever you did this summer to make this camp so good, **PLEASE** keep it up. We will be back next year!
